

# OUR MILITARY FRIENDLY BUSINESS PROGRAMS

We welcome applicants from the U.S. military. UC Davis graduate business students with military experience thrive in our collaborative community. Active duty personnel and veterans have experience with teamwork, leadership and conflict management—the same skills needed for success in business.

Dalena Huynh served as a Marine Science Technician in the United States Coast Guard before joining the UC Davis community to earn her MBA.

## Your Next Steps

- **Attend** an admissions event.
- **Visit** a class.
- **Schedule** your personal consult.
- **Start** your online application.

## Top 5 U.S. Graduate School for Military Students and Spouses

Military Friendly® sets the standard for colleges demonstrating positive employment and education outcomes for veterans and their families.

## WE OFFER THE FOLLOWING TO ACTIVE DUTY AND U.S. MILITARY VETERANS:

- **Up to \$6,000** for tuition expenses not covered by the Post-9/11 GI Bill; with this Veterans Affairs (VA) will match that amount dollar for dollar. This award cannot be combined with other GSM or program-specific scholarship awards.
- **Application fee waiver.** Please contact our Admissions Team, before submitting your application to arrange for the waiver.
- **We are committed** to making merit scholarship and financial aid available to military personnel.
- **Automatic, one-year deferment** if admitted military students' plans are delayed by their service branch.

“

The quantitative skills and business skills I gained in the classroom and from the practicum project have given me confidence to face whatever challenge might come along the way.
